INT. FBI OFFICE - SEATTLE - KING

NADINE WENZEL (30s), college athlete turned lawyer turned FBI Agent. Nadine's good looks are cut out by her sharp senses of humor and her constant need to prove herself. Her over experience has led to mistakes which is why she's been assigned the night shift - we find her playing solitaire.

NADINE WENZEL

My kingdom for a red queen.

[To cleaning person]

You got any red queens? I'll tell you who killed Kennedy.

Nadine goes back to her computer - the OMB PHONE RINGS

NADINE WENZEL (CONT'D)

Memphis.

ROSEAN RAY (ON CALL)

Agent Cole?

NADINE WENZEL

No, sorry - he's on vacation. The OMB are calling to me. Who's this?

ROSEAN RAY (ON CALL)

I need to speak with Agent Cole. It's quite urgent.

NADINE WENZEL

Then you're gonna need a ship to shore phone because Agent Cole is deep sea fishing away from the things of men, as he likes to say.

ROSEAN RAY

Is there anyone else there?

NADINE WENZEL

I'm the only agent here. I graduated top of my class from Quantico, they gave me a badge and a gun and everything. If it makes you feel better, call back tomorrow and I'm sure we can find you a male agent.

ROSEAN RAY

Fine - are you available to meet me?
