

MACE
Gonofabrych... I need to get to the
bathroom... like, pronto.

DOUG
Name, damnit!

JOE
Easy, Franchise. I got a
powerful of function lornin' a
hole, honey.

DOUG
Don't call me that, wwww!
(to Mace)
Mace, I can't believe you...
really? Again? Dealing with that
shitball? And you had to do it
here -- I wish you looked that guy
up while you had the chance.

MACE
Someone will do it eventually. It's
inevitable.

JOE
Or get a bullet in his head.

DOUG
couldn't happen soon enough.
Christy got a month ago, she
pulled through but hasn't been back
since. Great company you keep.
Mace, you can't trust her.
(to the drags)
Do you know what you are getting?
That ~~shit~~ is gonna kill you one
day. :D

MACE
I'm too dead already to kill.
Doug, I've lived and breathed this
shit for ten years -- how do I
know? -- I know what I did'n. Not
so well. Well, Dad Wilson got his
dash from his own mother and it
killed him.

DOUG
So, you heading to the bathroom?
Alley? Doug do it right here at
the table?
